

EVELINE Day School Newsletter

9th September 2016

Back to School

Our first week back at school went smoothly. All the students and teachers worked well together and thoroughly enjoyed getting to know one another, in their new Year groups. Lower and Upper Reception are settling into school routine beautifully and their theme at the moment is All About Me. Year One visited the common to collect natural objects to create their self-portraits. Year Two designed their own cereal packets as part of their project about food. Year Three painted beautiful portraits of themselves. Year Four measured shadows in the garden. Year Five are learning about fossils and plan to create their own fossil shapes later in the term. Year Six have been practising for their entrance exams for their new secondary schools and also practised interview techniques. Year Five and Six also took a mock exam in the Polish Club hall and visited the library to borrow some interesting books that they could share with other students.

Travel Plan Update

We are delighted to announce that The Eveline Day School has achieved **Gold accreditation** in Transport for London's award programme for the school travel plans. In the borough of Wandsworth forty-one primary schools take part in the scheme annually to promote sustainable travel, but only four schools achieved gold award. Well done to all the children, parents and staff for supporting all the different initiatives throughout the year to help improve the environment and change the way we travel to school. A big Thank You to Mrs Young for leading this initiative!

How I won "The Stranger in a Window Competition" by Archie Cottier Year Five

Our family has a flat on a beach in Deal which is in Kent. Every summer, Deal have a regatta week where they have sailing competitions, fireworks, a funfair and concerts on the beach. They also have a competition called "The stranger in the window" where you have a list of shops in Deal and you have to find unexpected things in their window displays. For example, you might find unexpected things in their window displays. For example, a lego figure in a perfume shop. It took me three days to find all the 'strangers in the window' because some were very small and very well hidden.

Once I had found them all, I had to complete a tie breaker that started "I like shopping in Deal because..." I said "I like shopping in Deal because it's the place to be and when you are finished shopping you can paddle in the sea!" I came joint first, so it was my tie breaker that won it! When my mum told me that I had won, I couldn't believe my ears! I felt happy and very proud. I also felt a lot richer! (See attached article)
